A resident reported an incident in her property where she had a sewage overflow, she stated that this had been dealt with by Southern Water and had been caused by a blockage in the main drainage system.

6. KCC Councillors Report.

KCC Councillor Cooke gave his report to the meeting.

He spoke regarding an MBC Planning Meeting where development along the Sutton Road was approved, he stated that KCC had not been invited to discuss the Section 106 monies from this development.

He stated that the process of the meeting during the evening was, in his opinion, disgraceful, he reported that the application for 250 houses had been due to be refused, but this had been questioned by Planning Officers and it was then voted upon and approved. He stated that the additional traffic would use the rural lanes as there was not sufficient infrastructure to support it.

He raised concerns that two elected members of MBC had negotiated directly with the developer and they had voted in favour of the application.

He stated that MBC Members had voted against the Relief Road at the Joint Transportation Board Meeting and having KCC involved in S106. He said that KCC still hoped to bring the possible route options to Parish Council during a confidential consultation when they were in a position to do so.

He confirmed that KCC were still pursuing the Relief Road without the support of the JTB and that as a KCC Councillor he would support the Relief Road, however, when arguing the case for funding it would be difficult as MBC did not support it, as they had voted in support of their own Transport Strategy which included the widening of Willington Street and a bus lane along the Sutton Road.

Councillor Cooke stated that he was due to hold a Public Meeting on Monday 9th October and Helen Whateley MP would be attending, the purpose of the meeting would be to bring into being an organisation to create a formal SE Maidstone Action Group.

He reported that Helen Whateley MP had approached the Secretary of State and asked him to call in the MBC Local Plan and his decision was now awaited.

He stated that the Planning Inspector had made 61 changes to the Local Plan before it was considered sound.
